Response to Amendment

Election/Restrictions

Applicant's election without traverse of Group I, Claims 1-24 in Paper No. 4 is acknowledged.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-3, 6-11 and 14-24 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Mika et al.(U.S.Pat.6,233,487).

Allowable Subject Matter

Claims 4, 5, 12, and 13 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Juran and Turcott are cited to show structure similar to the claimed invention.

Response to Arguments

Applicant's arguments filed 11-24-2003 have been fully considered but they are not persuasive. Applicant's argument that Mika does not show excitatory signals incident on a heart muscle or does not show optimizing pacing parameters please note Claims 7, 27, 49, 50 and 68. Figs. 1-6 and cols. 10-14 where cardiac pacing is shown or explicitly claimed to be an integral feature of the Mika invention. Also timing is just one of the pacing parameters optimized by the Mika reference.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
